

Illuminous Series

LED Sensor Batten

The Primsal Illuminous LED Sensor Batten is a highly energy efficient occupancy and daylight sensor LED.

Features and benefits

High efficiency.

165lm/W.

Occupancy and daylight sensor.

Reduces unnecessary energy consumption.

Long lasting construction.

5 year warranty.

Ingress protection.

IP20 rated.

Specifications

Model	PST16W9X125KS
Power consumption	16W
Output	2,640 lm
Efficiency	174 lm/W
Dimensions	1,240mm x 90mm x 55mm
Beam angle	110°
Colour temperature	5,000K
CRI	>80
IP rating	IP20
Warranty	Five years

Sensor detection parameter

Detection area	8 metre diameter
Hold time	20 mins
Mounting height	4 metre max
Standby	30% dim
Daylight threshold	450 lux
