

Omera Series

Mark III LED Sidelit Panel

Shine On LED flat panels are the ultra-modern, efficient alternative to traditional tube lighting. Utilising the latest generation 4014 SMD LED chips and unique light dissipation system, the Omera Mark III sets the benchmark for flat panel efficiency, design and construction.

FEATURES AND BENEFITS

- **Designed for comfort.** Optimised light dissipation and diffusion reduces glare and maximises comfort in any environment.
- **Latest generation 4014 SMD LED chips.** Delivers up to an incredible 125 lumens per watt.
- **Ultra-thin 6063 aluminium alloy frame.** Delivers superior heat dissipation while only 10mm thick.
- **Flicker-free, isolated, high power factor driver.** The ultimate in performance and reliability.
- **Optimised light emittance.** Provides stable and uniform light distribution with no shadowing or light leakage.
- **Five year warranty.**
